'E YES IN THE BACK OF HIS HEAD.'

Oliver Wendell Holmes, Bales Gledley, credited with having eyes in the back of his head because he saw things behind as well as in front. This was all due to his extremely large, old fashioned, round spectacles which, in which objects behind him were plainly reflected. Proper glasses would enable their possessors to see many things with perfect ease that now seem dim and indistinct. Those who have never availed themselves of glasses and call spectacles "nuisances," others who accept the aid in a timely manner call them "blessings."

—Call them what you please—
—My glasses give you ease.

It isn't the material that goes into your repaired watch that results in a perfect job. It's the know how.

that does the business, any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.

Epworth League Assembly

Lincoln, August 1 and 9.

Encouraged by the phenomenal success of three previous sessions, the management of the Nebraska Epworth League Assembly has arranged a program for the 1900 meeting, of which they my well be proud. It is believed that in variety, interests and real worth, it surpasses anything of its kind ever placed before the people of Nebraska.

Those who attend this year's assembly will have the opportunity of hearing Frank Robinson, fresh from the battlefields of South Africa, Bishop Hamilton, General O. O. Howard, General John B. Gordon, Bishop Galloway, Major Hawks, Maud Ballington Booth and a host of other philosophers, teachers, lecturers and religious workers.

The musical attractions are especially good. The South African Boy choir and the famous Arion Lady quartet of Chicago.

Half rates to Lincoln via the Burlington every day from July 31 to August 8.

The surroundings are romantic in the extreme. Right ahead of you is the rugged mass of Battle Mountain while to left is Echo Canon, one of the most beautiful canyons in the Black Hills.

The links are only a few minutes walk from the hotels and end near the famous plunge bath where, after a morning spent in "teeling," and "putting" you can enjoy the delights of a swim in the clearest, cleanest, most crystal-like water in all America.

During July the Burlington Route will run ten cheap excursions to Hot Springs. The dates are: July 3, 7, 8, 9, 10, 14, 17, 18, 21, 28.

ROYAL

The Absolutely Pure BAKING-POWDER

is the baking powder of general use, its sale exceeding that of all other baking powders combined.

Royal Baking Powder has not its counterpart at home or abroad. Its qualities, which make the bread more healthful and the cake of finer appearance and flavor, are peculiar to itself and are not constituent in other leavening agents.

Great efforts are made to sell alum baking powders under the plea that they are so many cents a pound cheaper than Royal. The admission that they are inferior. But alum powders contain a corrosive poison and should not be used in food, no matter how cheap.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

OBITUARY.

Mrs. Amy Walton Reed, was born in the city of Baltimore Md. Nov. 9th, 1815, and died at the home of her daughter, Mrs. Mary J. Brewer, one mile east of Broken Bow Nebraska, July 4th, 1900, aged 84 years, 7 months and 25 days. While but an infant her parents removed from Maryland to Richmond Ind, and were among the pioneer settlers in that part of the country. At the age of eighteen the deceased was married, but shortly before the breaking out of the civil war, was left a widow with three sons and a daughter to claim her care and cheer her home. When, at the beginning of the civil war, Abraham Lincoln called for volunteers, she, true patriotic woman that she ever was, freely responded to that call, by giving her two boys who were old enough to enlist, and bravely bore the pangs of sorrow and distress when she found that she must yield both those boys up as sacrifices to her country's freedom and honor. Loyal to the core, she said: "My boys sacrificed, but our country is saved."

Very early in life Mrs. Reed gave her heart to the Saviour, experiencing a real and sound conversion, from which she never turned back, but even to old age she kept a firm faith in the saving and keeping power of the Lord Jesus Christ. In her old age it was demonstrated that the prophet was indeed true when he said: "The hoary head is a crown of glory, when it is found in the way of righteousness." To the very last she desired to leave some permanent impression for good with those around her and asking to be raised up in bed, she counseled them to ever follow the blessed example of Jesus Christ, to make sure the salvation of their own souls, and to use every effort to bring others to a knowledge of salvation.

For more than thirty years she

has made her home with Mrs. Brewer, her daughter. Besides her, she leaves a son, who resides at Lyons, Neb.

Her death was hastened by a painful accident which occurred some weeks ago. While descending a flight of stairs she fell and broke one of her limbs just above the knee. For two weeks it seemed that she was doing well, but on the evening of June 23rd she was taken worse, and it was apparent that she could not recover. The following grand children were summoned to her bedside and were present at the funeral; Mr. and Mrs. D. L. Hopkins of Callaway; Mr. and Mrs. Brewer of Arnold; and T. M. Brewer and wife of Round Valley. The funeral services were conducted from the home July 5th by Rev. Knight, pastor of the M. E. church. A large number of friends were present to pay their respects, and to follow the remains to their last resting place. Mrs. Reed was a delightful Christian character, and will be greatly missed by all who knew her.
